

CLICK TO CALL EXTENSION

Smart Choice knows how important time management is to the productivity of your business. With Smart Tools such as **Click to Call**, you can boost productivity, save time and operate more efficiently at your desk. Our Click to Call extension gives you the ability to go from browsing to conversing seamlessly, allowing you to make phone calls directly from your Chrome browser with just one click. Once installed, Click to Call's advanced smart browsing script will scan all websites for phone numbers, and create a direct link to contact them via your IP business phone. All you have to do is click on the phone number to make a call!

The screenshot shows a Chrome browser window displaying a business listing for "Smart Choice Communications". The listing includes the following information:

- Smart Choice Communications** (with a star icon and a close button)
- Telecommunications Service Provider
- Address: 2nd Floor, 56 W 45th St, New York, NY 10036
- Phone: (800) 217-3096
- Hours: Open 24 hours (for Saturday, Sunday, and Monday)
- Buttons: Website, Directions

Overlaid on the listing is a "call" button. To the right of the listing, a call timer displays "00:00:57" and the phone number "12126607300" for "Smart Choice Communications".

BENEFITS

• Make Calls Seamlessly

Click on any phone number in your Chrome browser and automatically make the call from your IP phone.
